

DIGITAL TOOLS - MYLAB

Simplified lab testing
at your fingertips

hill-labs.co.nz

Let's make things easy!

We know how crucial timely results are and the need for flexibility, no matter the time of day.

That's why we developed **mylab** — an online system designed to streamline your workflow. With mylab, you can easily submit samples and track them in real-time, ensuring fast and reliable results. Keep your business running smoothly with mylab!

is a quick and handy way to:

ORDER LABORATORY TESTS

Order your tests ahead of time to speed up processing in the lab. View test prices and our test catalogue range.

ORDER SAMPLING SUPPLIES

Order test kits or replenish your stock of sampling supplies. You can also purchase sampling tools such as augers and pasture shears.

TRACK MY JOBS

Track the progress of your testing, view reports, invoices, and job details, and tracking links for sampling supplies as they are couriered to you.

RELIABLE
